1. Crowdfunding studio equipment: This appeal is a stepping stone towards the uLearn Naturally Radio and uLearn Home School Knowledge Exchange Project. This first radio studio in Tottenham will be integrated with a localised educational news publication forming a new kind of ground breaking media service to local and global communities.

Donate now via our GoFundMe campaign, this will allow us to properly equip, pilot and establish our recording and broadcast provision:

2. WANTED:

Citizen Journalists and educators

with interests in **STEAM** (Science, Technology, Engineering, **Arts**, Maths) in Tottenham and the surrounding North London areas.

New to the idea of Citizen Journalism? You can learn more about it, take up the practice and support community knowledge sharing cooperatively.

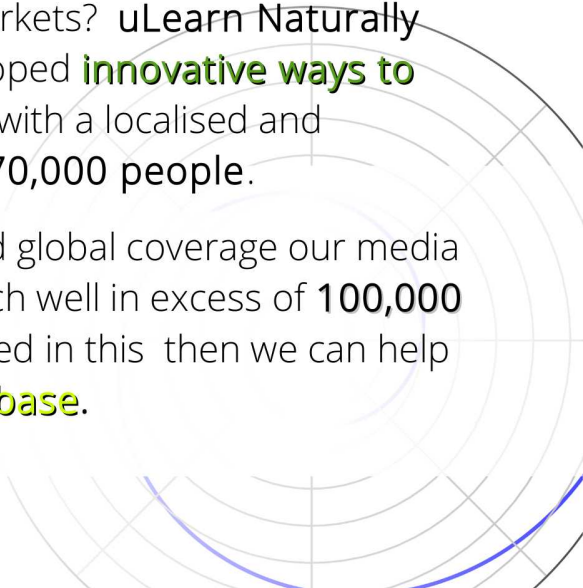

Join our newly forming teams today.

We also want to meet editors, graphic designers, block chain specialists, insiders who want to share sensitive info that the public should be aware of, specialists in hair care science, home educating families, locals interested in astronomy and all who see themselves in this eclectic calling . . . ;
People with interests in STEAM.

3. Are you involved in an **education related organisation** with interests in North London / Global consumer or corporate markets? **uLearn Naturally Media Services** has developed **innovative ways to reach and build** relations with a localised and verifiable **market of over 70,000 people.**

Add in the surrounding and global coverage our media service will periodically reach well in excess of **100,000 people.** If you are interested in this then we can help **build up your consumer base.**

4. ABUNDANCE CENTRES CROYDON

Get involved in our new Co-operative!

Register your interest for a brand new initiative coming near you in Croydon!

We are creating a centre of learning aimed towards home educating families. Here Holistic education is at the heart of all learning experiences. Holistic education is based on the idea that children can be taught in a more natural and engaging way. Rather than compartmentalizing school subjects, the holistic approach seeks to empower children to use their academic learning as a foothold for their emotional and social development. The biggest benefit of a holistic approach isn't just about mental development, but it encompasses psychological, social and emotional growth. A holistic approach motivates children to learn about a subject. It instils curiosity and allows children to learn naturally and creatively.

abundancecentre.org

With this in mind we have formed Abundance Centres Croydon. The intention is to provide a space where home educating families and families exploring family directed (independent) learning can attend. Examples of classes to be available are: family yoga, art, ballet, gymnastics, mathematics, science, toddler group, game coding, piano lessons, history, GCSEs and much much more!

We intend to become THE centre of brilliant learning within the Croydon area. We endeavour to create a positive and uplifting environment for all. To be respectful, appreciative and open minded with all individuals and to have Ma'at (justice, balance, order) in all decisions that we make.

JOIN US NOW! WE NEED PEOPLE LIKE YOU!

Are you interested in becoming apart of this exciting new social-enterprise? Whether you are experienced or new to it, we need individuals to help us such as those who can do fundraising, admin skills, promotion through social media, finance and accounting skills, website and graphic design / maintenance, and most importantly creative tuition !

5. NETERU UNIVERSE LEARNERS' CO-OPERATIVE

A new Member Trust of Abundance Centres (UK) Development Trust

We are a collective of home educating families who are interested in living, learning and being, and have come together in alignment alongside shared values and principles specifically for the creation of powerful and transformational learning environments for our children that speaks to their Afrikan heritage, ancestral knowledge, wisdom and spirituality.

If you are a home educating family who would like to get together on a regular basis, to meet others also engaged in learning through shared activities, which are fun, exciting and culturally enriching, in celebration of rich Afrikan heritage, then look no further!

CONTACT US NOW: REGISTER YOUR INTEREST IN 2017's PROGRAMS !!

S.T.E.A.M Inventors Circle

Explore wholistic science and mathematical learning through cultural arts and problem solving, nurturing the practical use of knowledge technology and natural creativity!

MA'ATMATICS – A natural science program of the Elders(Ancients) rooted in the Science of Mother Earth and Ma'at, through the application of intuition, insight, logic and reasoning, for the enhancement of spiritual, emotional, mental and physical faculties!

This program is facilitated by one of our parents Brother Ayo Omoagbemetala and includes the following themes:

- Language and Culture of Ma'atmatics
- Sacred Geometry, Astrology, Philosophy, Natural Law, Crystal Science
- Primordial/Aboriginal Nutrition
- Herbal Science & Health
- Natural Religion and Spiritual Science
- Wealth & Economics

UNIFIEDKNOWLEDGE – A powerful program of cross-curricular learning, designed to facilitate the mastery of higher concepts and wisdom in maths and the sciences (STEM) through the practice of cultural arts (panAfrica) in an integrated, wholistic and natural way of being that resonates the very intuitive centres within all children and parents alike! These include introductions to unified African language principles (incorporating the Ethiopian script, Amharic, Adinkira, sign-language), African warrior dance, music, storytelling and nature studies,
